

Design an Anglo-Saxon Shield

Use the box below to design your Anglo-Saxon shield. What colours will you use?
Will it have any patterns on it? Don't forget to label it!

Colours:

Patterns:

Materials:

Supporting structure:

Evaluation

How or why did you choose the colours or patterns for your shield? How successful was this?

How effective would your shield be/is your shield at taking damage without breaking?

What could you change or add to the design to increase the structural integrity of your shield?
