

Year 6

2026 – 2027

2026 – 2027											
Autumn (8+7)	Number & Place Value Read, write, compare whole numbers Rounding		Addition and Subtraction Written method for adding and subtracting decimals (with different number of decimal places) **Link to money and measures/problem solving**		Multiplication & Division Mental methods – multiplication Written methods – long multiplication (including decimals)		Multiplication & Division Written methods – short and long division (involving decimals)		Fractions Simplify Use common multiples Order & compare Calculating with fractions		Calculation Order of operations Brackets Multi-step problems
	4		1		3		2		4		1
Spring (6+5)	Fractions, Decimals Percentages FDP equivalence % of an amount **Link Pie Charts		Ratio Ratio Proportion Scale factors Scale up x Scale down ÷ **Link to measures, scale factors (maps/shapes)		Measures Perimeter Area Volume **Link to worded problems**		Geometry: Properties of Shapes Co-ordinates Describe translation Reflection		Geometry: Properties of Shapes 2D shapes 3D Nets Angles Circles		
	3		2		1 + 1 after Half Term		2		2		
Summer (7+6.5)	Measures Imperial/metric Conversion **Link to worded problems	Statistics Mean	Revision *Include Time and Timetables	SATS			Algebra Linear number sequences Inputs/outputs Expressions Substitution Simple equations		Y6 – Y7 Transition Being ‘Y7 ready’ using the NCTEM Y7 Checkpoints		Real Life Maths Mathematical themed problem solving tasks, highlighting the use of Maths in real life context
